ABOUT ME

MARK BRAUN

Whether it's product photography or capturing the emotions of people, I create stand-out visual content for corporates, events and businesses. I specialise in any of the related markets.

I love making photos & videos of a variety of products, in any environment. My previous works were businesses, concerts and festivals as well as personal branding projects, but I also created content for film production, gyms, nutrition shops and even a local fire department.

FIELD N°7

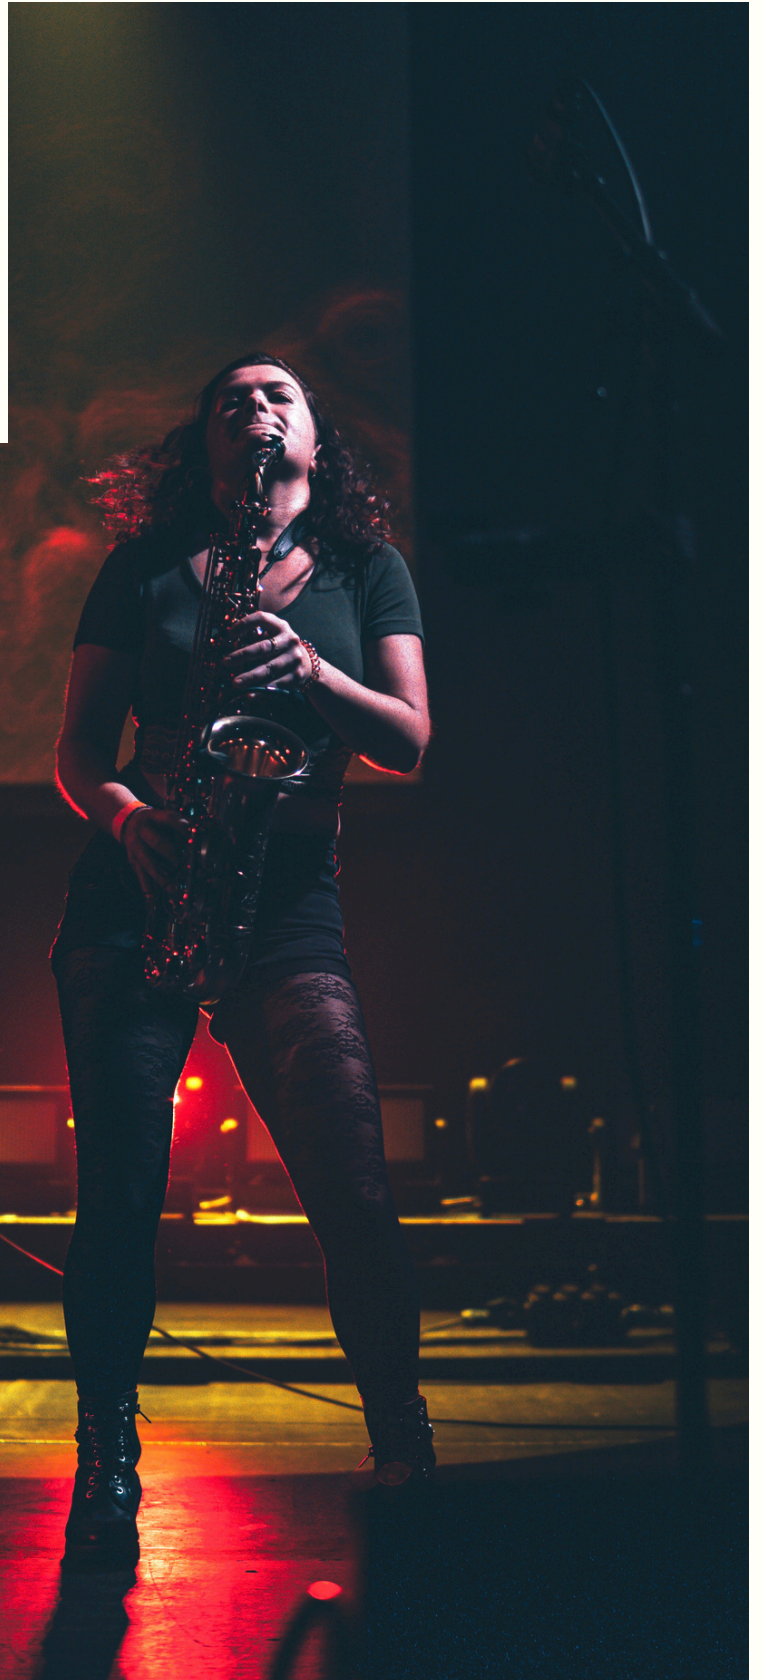

CRAFTED
COFFEE
